Community time is required of all gardeners: Ten (10) hours for a 20' x 20' plot and five (5) hours for a 10; x 20' plot. Please check off the work that you want to do for your community time. The coordinator for the task(s) you are interested in will contact you. If you do not complete your community time prior to the end of December of each gardening season, it is possible that you will not be asked to return to the garden next year. If there are extenuating circumstances that prevent you from completing community hours, please contact the Garden Coordinator at the number listed in the Kentucky Garden Rules. **Thank you for your cooperation--community time is what keeps the garden running.**

Returning Gardeners: Get started on your community hours before you start planting.

_____ Spring Projects: Plot marking, clean-out of selected areas, Nuisance plant removal
